SUBJECT OF EXAMINATION: There will be a **written test** which you must pass in order to be considered for appointment. The **written test** is designed to test for knowledge, skills, and/or abilities in such areas as:

- Building cleaning** - These questions test for knowledge of basic principles and practices of building cleaning. They cover such areas as equipment, tools, supplies, methods and procedures for cleaning different types of surfaces and materials under various, commonly occurring circumstances.
- Preparing written material** - These questions test for the ability to present information clearly and accurately, and to organize paragraphs logically and comprehensibly. For some questions, you will be given information in two or three sentences followed by four restatements of the information. You must then choose the best version. For other questions, you will be given paragraphs with their sentences out of order. You must then choose, from four suggestions, the best order for the sentences.
- Work planning and scheduling** - These questions test for knowledge of the principles used in developing and implementing work plans and for the ability to arrange work assignments in a manner that will achieve work goals while staying within scheduling criteria. This may include setting up vacation or work schedules, taking into consideration such factors as seniority, work skills, duty hours, and shift coverage.
- Administrative supervision** - These questions test for knowledge of the principles and practices involved in directing the activities of a large subordinate staff, including subordinate supervisors. Questions relate to the personal interactions between an upper level supervisor and his/her subordinate supervisors in the accomplishment of objectives. These questions cover such areas as assigning work to and coordinating the activities of several units, establishing and guiding staff development programs, evaluating the performance of subordinate supervisors, and maintaining relationships with other organizational sections.

Questions cover such areas as interpreting policies, making decisions based on the context of the position in the organization, coordinating programs or projects, communicating with employees or the public, planning employee training, and researching and evaluating areas of concern.

If you pass, your seniority credit(s), if any, will be included in the computation of your final score. Rank on the eligible list will be determined after adding any wartime Veterans' credits to your final passing score.

CREDIT FOR SENIORITY: Seniority is credited at the rate of one credit for each five-year period (or fraction thereof), excluding the first year of service.
